1. Propaganda sections are being organized by the Korean authorities in North Korea. The main purpose of the sections is to prevent an anti-trusteeship movement from developing in North Korea.
 2. Recently the North Korean Military Propaganda Section put out a large amount of propaganda to the effect that the USSR now has completed work on the atomic bomb and will be able to show the world its full strength in 1948. One of the slogans circulated by the Korean Military Propaganda Section was: "Victory now belongs to our side." The Soviet Army, however, through its Special Service (counter-espionage) Corps, has ordered the Korean Military Propaganda Section to stop spreading any more of this type of propaganda.
- 25X1A Note: Most people in North Korea believe the Soviets now have the atomic bomb.)
